Japanese Stock Alert

Nikkei: 14,633

June 8, 2006 3:00 GMT

Japanese stocks sold off wildly today (Thursday), as non-Nikkei issues did so on **no** volume. This is a condition for wild per cent gains within a matter of days, for the domestic stocks.

Since the lows should be Friday, they may come right away or, as I suspect, after a morning sell-off that follows the Dow's hit, which will resume in six and a half hours.
